The Brickyard is a three-building, 542,851-square-foot business park strategically located within the core of Northwest Houston. Given its proximity to an outstanding skilled labor force and unparalleled rooftop growth, the project will provide an ideal location to meet the demand of today's tenant with immediate access to U.S. 290.

The images and renderings shown are artistic representations intended for inspiration purposes only. They depict a conceptual idea for the office space and are not an exact representation of the final product.

THE Brickyard

ULR'S PREMIER AMENITY area is a uniquely crafted space that is designed for employees to thrive. In a commoditized industry where all spec offices look the same, we intentionally set out to create a space that combined core elements of a new age office: open office concept, functional work stations, **blended indoor/outdoor work space and a dedicated outdoor patio** where employees are surrounded by **thoughtfully placed landscaping** instead of a concrete jungle. Said differently, we kept asking ourselves: **Why can't we create a Class A office experience in a Class A Business Park?**

The Brickyard provides tenants **4 distinct points of ingress/egress**, allowing traffic to flow quickly back to signalized intersections at Antoine & Pinemont Drive.

1	Square Feet	194,996
	Minimum Divisible SF	97,487
	Parking Spaces	97
	Trailer Storage	40
	Truck Court Depth	180'
